### We are Bertrandt.

An independent and international engineering service provider with many years of automotive expertise. With cross-industry expertise and a holistic understanding of systems and products, we create technological solutions along the

entire value chain. We deal with the trending topics of digitalisation, e-mobility and autonomous systems, primarily for the automotive, aviation, defence and mechanical engineering sectors, and consistently enable the development of customised solutions. Our goal is to accelerate technological progress and make a relevant contribution to a sustainable future. We work on this every day - with over 12,000 employees at around 50 locations worldwide.

**Special note:** Severely disabled persons or persons of equivalent status within the meaning of SGB IX will be given preference in hiring if they are equally qualified.

### What we offer:

Responsible Tasks

Flexible working hours

Freedom to work independently

Networking throughout the group

Public transport connections

Attractive compensation

Flat hierarchies
