

Service Development Engineer with German

Workplace: 550025, Sibiu

Apply online!

What to expect:

- Develop and validate assembly, repair, and maintenance concepts for new and existing vehicle models.
- Create structured damage codes to support systematic fault analysis and diagnostics.
- Conduct digital and on-vehicle service checks to ensure feasibility and efficiency of service procedures.
- Define and calculate service and repair costs, supporting cost transparency and optimization.
- Prepare spare parts proposals and collaborate with spare parts management teams.
- Actively participate in development committees, providing service-related input and preparing technical reports.
- Collaborate with departments such as development, quality, purchasing, and service to ensure alignment and integration of service requirements.

What you bring along:

- Fluent in German and proficient in English, both written and spoken.
- Completed technical vocational training in automotive engineering or a related field.
- Several years of professional experience in service engineering, aftersales, maintenance, or product development within the automotive industry.
- Proven experience in creating maintenance and repair concepts and conducting systematic fault analysis.
- Knowledge of spare parts management is a strong advantage.
- Proficient in MS Office and service documentation tools such as CALEA or equivalent.
- Strong teamwork and communication skills, especially in interdisciplinary environments.

We are Bertrandt: an independent, international development service provider with long years of automotive expertise.

We create technological solutions for our customers at any stage of the product development process with a focus on hot topics such as digitalization, e-mobility and autonomous systems, largely for the automotive, aerospace and mechanical engineering sectors.

Our goal: accelerating technological progress. We work on this every day – with around 12,000 employees at over 50 sites worldwide.

What we offer:

Flexible working hours

Freedom to work independently

Networking throughout the group

Discounts

Internal healthcare management

Training on-the Job

Attractive compensation
