

# Developer Mobile Applications

**Workplace:** 550107, Sibiu

**Apply online!**

## What to expect:

- Mobile framework: Apache Cordova
- Web technologies: HTML5, CSS3, JavaScript (JS), TypeScript (TS)
- Mobile languages: Android (Kotlin/Java), iOS (Swift/Objective-C), Electron
- Experience with RESTful APIs integration
- UI/UX understanding for cross-platform mobile apps
- Version Control: Git (GitLab / GitHub / Bitbucket)
- Build & Deployment: Android Studio, Xcode
- Development of custom Cordova plugins
- Familiarity with frontend frameworks (Angular / React / Vue)
- Basic CI/CD knowledge (Jenkins, GitHub Actions, etc.)
- Understanding of mobile app security and performance optimization
- Exposure to Cordova native plugins (e.g., push notifications, offline data handling, device **APIs**)

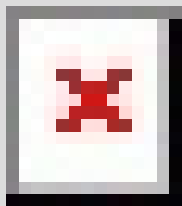

## What you bring along:

- Develop and maintain cross-platform mobile applications using Apache Cordova
- Integrate and consume RESTful APIs
- Implement new features, enhancements, and UI/UX improvements
- Debug and resolve platform-specific issues (Android / iOS / Electron)
- Collaborate closely with backend, QA, and design teams to ensure delivery quality
- Participate in code reviews, documentation, and deployment processes
- Ensure app performance, scalability, and security meet project requirements

**The Bertrandt Group** has been providing solutions for research and development for the international automotive industry for over 40 years. From the incipient phase to the production phase, our company implements the ideas in services, accompanies and supports the peripheral fields of the companies in the construction industry of machines and installations, in the electrotechnical industry, energy as well as the medical industry.

As one of the top employers, we are also one of the preferred addresses for applicants. Providing careers for motivated engineers who are prepared to give their best.
