

# Vehicle Graphic Designer - Workshop Literature with German

**Workplace:** 550025, Sibiu

**Apply online!**

## What to expect:

- Create technical graphics and illustrations for **workshop manuals** and **operating instructions**.
- Visualize complex technical content clearly and accurately using provided templates and construction platform data.
- Process graphic tickets in a structured and timely manner.
- Ensure compliance with the client's defined visual and technical standards.
- Collaborate internally via MS Teams; no direct customer coordination or project management required.

## What you bring along:

- Experience in **graphic design**, ideally in a technical or automotive context.
- Basic understanding of **construction principles** and technical documentation.
- **Adobe Photoshop** – Advanced level.
- **Adobe Illustrator** – Advanced level.
- **MS Teams** – For internal communication.
- **Jira** – Ticket management (future use).
- **English** language – B2/C1, German language is a plus.
- Strong technical understanding.
- Structured and independent working style.
- Basic teamwork and communication skill.

We are Bertrandt: an independent, international development service provider with long years of automotive expertise.

We create technological solutions for our customers at any stage of the product development process with a focus on hot topics such as digitalization, e-mobility and autonomous systems, largely for the automotive, aerospace and mechanical engineering sectors.

Our goal: accelerating technological progress. We work on this every day – with around 12,000 employees at over 50 sites worldwide.
