

SAP S/4HANA Rollout Project Manager (m/w/d)

Arbeitsort: 81739, Munich

Jetzt online bewerben!

Was Sie erwartet:

Rollout Planning & Execution

- Define and execute a **detailed local rollout plan**, aligned with the overall S4E rollout strategy and timeline.
- Plan and manage **project phases and work packages**, coordinating closely with Team Leads, Business Core Team members, Template SPOCs, and SAP Template organizations.
- Lead and coordinate **cross-functional rollout teams** to ensure a smooth and successful transition to the S4E template.

Project Governance & Control

- Monitor and control the **rollout budget**, working closely with the Business to provide transparent financial tracking and reporting.
- Manage all core **project management disciplines**, including schedule, risks, issues, dependencies, budget, testing, and cutover activities.
- Ensure compliance with **PM project methodology**, including quality gates and regular status reporting.

Stakeholder & Partner Management

- Oversee the rollout of specific **end-to-end business processes** and manage localization requirements together with the Business Cluster Manager.

Was Sie mitbringen:

- **8–12+ years of experience as an IT Project Manager**, including multiple full-cycle projects.
- Strong expertise in **SAP S/4HANA**, particularly **SAP rollout and transformation programs**.
- Proven experience managing **SAP projects** in global organizations.
- Hands-on experience working in **Agile environments**, using user stories and tools such as **Jira**.
- Background in **complex programs** with multi-layered governance structures and diverse stakeholder interests.
- Strong experience working with **cross-functional, international teams** to harmonize business processes.
- **Excellent communication skills**, with the ability to engage effectively at all stakeholder levels.
- **Fluent English** is mandatory; **German language skills** are a plus.

- Coordinate and manage **external partners and consultants** supporting rollout activities.
- Prepare and facilitate **Steering Committee meetings**, ensuring decisions are documented, communicated, and followed up.

IT & Transformation Alignment

- Ensure alignment of **IT infrastructure setup** and manage design approvals in line with SAP S/4HANA standards and governance.
- Track project progress against milestones and deliverables, providing regular, structured updates to Rollout Management and senior stakeholders.
- Actively manage risks and dependencies in a **complex, multi-stakeholder environment**.

Im Rahmen der **Arbeitnehmerüberlassung** für einen namenhaften Kunden suchen wir einen engagierten **SAP S/4HANA Rollout Project Manager (m/w/d) in München**.
