

Group Design Leader - Interior & Exterior Systems

Workplace: 418 32, Gothenburg

Apply online!

What to expect:

- Coordinate **design and development activities** for **interior and exterior components** (e.g. door trims, cockpit, bumpers, closures, lighting, mirrors)
- Ensure alignment with **project timing, technical requirements**, and **cost targets** across the product lifecycle
- Lead component development through the entire **VPDS / DVP cycle**, from concept to SOP
- Act as the **main interface** between engineering teams, **suppliers, manufacturing, purchasing**, and **quality** functions
- Organize and moderate **Design Reviews**, ensuring design maturity, issue tracking, and documentation
- Manage supplier relationships, ensuring compliance with **technical regulations** and **design prerequisites (TR/DPR)**
- Support **change management, testing**, and **validation** processes for assigned components
- Drive **continuous improvement** and support cross-functional collaboration throughout the development process

What you bring along:

- Proven experience as **Group Design Leader, Design & Release Engineer (D&R)**, or **Project Engineer** within **automotive development**
- Strong understanding of **product development systems** (e.g. VPDS, DVP, or equivalent)
- Knowledge of **Catia V5** (plastics or sheet metal) and **Teamcenter (PDM/PLM)**
- Familiarity with **local OEM process knowledge**, article management, and **KDP database**
- Hands-on experience with **FSS (Full Service Supplier)** or **Build-to-Print** environments
- Excellent **communication, coordination**, and **stakeholder management** skills
- **Fluent English**, proactive and structured working style
- A strong **can-do mindset** and high sense of ownership
- This role requires **on-site collaboration** at our **Gothenburg** location and candidates **must hold valid work authorization in Sweden**.

With more than **54 locations throughout Europe**, the **Bertrandt Group** has been providing **engineering and development solutions** for the international **automotive and aerospace industries** since **1974**. More than **12,000 employees** use

their **know-how** and **innovative strength** every day to support our customers – **leading manufacturers and OEMs** – with integrated solutions in **management, design, and industrialization**.

Bertrandt is now expanding into Sweden, establishing a **strong and future-oriented presence in Gothenburg**. Our activities cover a **spectrum of expertise** from **electrical, electronics, and software development** to **design engineering, project management, quality, industrialization, and validation**, all driven by **innovation** and a **passion for technology**.

What we offer:

Flexible working hours

Training programs

Employee events

Attractive compensation

Team-oriented work
