

Design Assurance Engineer (m/f/d) DO-178

Workplace: 85077, Manching

[Apply online!](#)

What to expect:

- Review of technical documentation of equipment to ensure compliance with DO-178 standards
- Preparation of comments and feedback using defined templates
- Participation in review meetings with customers and suppliers
- Preparation of review agendas, execution of audits, and creation of audit reports
- Compilation of the certification package of reviewed and approved documentation
- Proofreading and preparation of technical notes
- Weekly status reports on project progress

What you bring along:

- Completed degree in engineering (e.g., aerospace) or equivalent qualification
- Several years of experience in the aviation industry preferred
- In-depth knowledge and practical experience with DO-178 for qualification and certification tasks (minimum 5 years of review experience)
- Structured and process-oriented working style
- Strong analytical skills and problem-solving competence
- Excellent communication skills and ability to work in a team
- Business-fluent English skill; German skills are an advantage

We are Bertrandt.

An independent and international development service provider with long years of expertise. With cross-industry know-how and a holistic understanding of systems and products, we create technological solutions at any stage of the product development process. We deal with a focus on hot topics such as digitalization, e-mobility and autonomous systems, mainly for the automotive, aerospace, defence and mechanical engineering sectors, and consistently facilitate the development of tailored solutions in these areas. Our goal: to accelerate technological progress and make a relevant contribution to a sustainable future. We work on this every day – with around 13,000 employees at more than 50 sites worldwide.

Severely disabled persons or persons with equivalent status within the meaning of SGB IX are given preference if they are equally qualifie
