

ILS / LSA Engineer (f/m/d) Aerospace & Defence

Workplace: 86609, Donauworth

Apply online!

What to expect:

- Perform Logistics Support Analysis (LSA) in accordance with MIL-STD-1388-1A/2B or ASD S3000L
- Develop and maintain the LSA database (LSAR / S3000L /S1000D data model)
- Allocate RAM requirements to system elements
- Perform FMECA (Mil Std 1629A)
- Compile Failure Detection procedures based on the outcome of FMECA
- Conduct Maintenance Task Analysis (MTA) (Define task times, skills, tools, test equipment, consumables), (corrective, preventive, CBM)
- Perform Level of Repair Analysis (LORA) under given requirements
- Operate and maintain LSA tools / LSAR systems
- Participate in design reviews (SRR, PDR, CDR)
- Contribute to availability modelling (operational Scenarios)
- Participating in Subcontractor /vendor management
- Participate in configuration control /change boards
- Development of maintenance concept under given requirements
- Ensuring consistency between LSA data and technical publications

What you bring along:

- Successfully completed studies in an engineering discipline or a comparable qualification
- Working experience in LSA in accordance with MIL-STD-1388-2B or ASD S3000L is mandatory
- Working experience in LSA software applications such as EAGLE LSAR, is highly desired
- Proven experience with FMECA is mandatory!
- Knowledge in S2000M is a great plus
- Confident handling of MS Office
- Good written and spoken English skills, ideally good German skills

We are Bertrandt.

An independent and international engineering service provider with many years of automotive expertise. With cross-industry expertise and a holistic understanding of systems and products, we create technological solutions along the entire value chain. We deal with the trending topics of digitalisation, e-mobility and autonomous systems, primarily for the automotive, aviation, defence and mechanical engineering sectors, and consistently enable the development of customised solutions. Our goal is to accelerate technological progress and make a relevant contribution to a sustainable future. We work on this every day - with over 12,000 employees at around 50 locations worldwide.

Special note: Severely disabled persons or persons of equivalent status within the meaning of SGB IX will be given preference in hiring if they are equally qualified.

What we offer:

Responsible Tasks

Flexible working hours

Freedom to work independently

Training programs

Attractive compensation

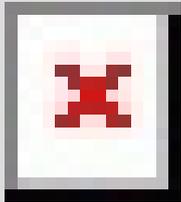

Sabbatical

Flat hierarchies

Team-oriented work
